

BOYS 8-16

VOLUME 65-1

DIRECTOR: MARIE SCHMID

JANUARY, 1989

GIRLS 8-16

Over and over parents of Foley campers comment on the special warmth generated at Camp Foley by campers and staff. The friendships and loyalty to Foley illustrate the uniqueness of our camp family. We are forever grateful to those of you who continue to help us promote Foley to other interested families.

Our traveling through the winter months allows us to visit with many families about Camp Foley. We are always looking for families who would be willing to host a meeting for us. Meetings can be as small as sharing the evening with one other interested family. A small effort on your part can give another child an exciting camping experience.

Join us, past campers and staff, and new camp families for an afternoon or evening of fun and memories. There will be a video of the present day camp, a history video of the past 65 years of Foley, drawings, free anniversary mugs and refreshments!

LOOK AT THE SCHEDULE TO SEE WHEN WE'LL BE IN YOUR AREA

Please review the following locations and dates to find the meeting that is most convenient to you. Stay tuned for additional listings of our Camp meetings in upcoming bugles.

REFLECTING BACK ON THE SUMMER OF '88

The 1988 camping season, in many ways, was rewarding for all of our campers. We would like to acknowledge some specific campers whose hard work and extra efforts made it possible for them to achieve their highest goals at camp this summer.

The Birchbark Award is given to campers completing at least half of the requirements for the Silver or Gold Paddle Awards. This year the award went to four campers who have each demonstrated skill in various activity areas, are recognized as campers who are enthusiastic and supportive of the camp program and are helpful to other campers. This year Foley was proud to present the Birchbark Award to Luis Calderon, Pat Flynn, J.J. Monge and Paul Pirner. We congratulate these recipients of the 1988 Birchbark Award!

The Anchor Award is an award given honoring outstanding campers. Recipients must have attended camp for a minimum of 5 weeks and demonstrate qualities of being friendly, well mannered, respectful and enthusiastic. These recipients are chosen by the written vote of campers and staff. This year the award was given to the following campers:

1ST SESSION - Keely Doyle and Charlie Mullin
2ND SESSION - Katy Lenmark and Jerome Poirer
3RD SESSION - Anne Shneeman and John Bruntjen

Congratulations to all of this years Anchor Award winners!

We are also proud to announce the achievements of campers in the following activity areas:

ARCHERY: Silver Bow Archer - Peter Eschway
Silver Bow Archer 1st Class - Mike Goldberg
American Archer - Eduardo Meckelein

BOARDSAILING: Daggerboard - J.J. Monge

CANOEING: Advanced Canoeing - Rolph Blythe, Don Boyce, Herbie Richardson, Rich Witzel

FENCING: Competitive Foil - Emily Murphy

RIFLERY: 9th Bar - Jerome Poirer, Jill Ryan
Expert - Jerome Poirer
Distinguished Expert - Luis Calderon, Jerome Poirer

SAILING: Skipper - Pat Flynn, Matt Pedrolie

TENNIS: Advanced - Tess Acuff, Jenny Davis

Once again we would like to congratulate all campers who achieved their goals this summer!

ATTENTION:

13 to 16 year olds

SIOUX TRIBAL NOTE

Be an exclusive member ...

This will be an exciting year at Foley as a special emphasis is being placed on the older camper in the evenings, activities and special days to meet their needs and interests. The Sioux Tribe, composed of 13 to 16 year olds will even find some of the rules different than those for the younger campers, allowing for personal growth, more responsibility and fun. Some ideas for fun include: board game nights, pizza party, tennis matches, guest speakers, song fests, a sauna and swim, interest groups to help plan Foley events like a newspaper, the news, a dance, a big camper-little camper evening and more! Read on...

LATE NIGHT ADVENTURE

Once a session, the Sioux campers (13 to 16 year olds) may elect to participate in the Late Night Adventure. This event will begin in the evening and go through until about 2:00 AM followed by a sleep-in and cabin time until noon. Campers participating will plan their Late Night Adventure which may include a dance, ping-pong tournament, board games, videos, pizza, a swim and sauna, etc.

CAMPER LEADERSHIP PROGRAM

Sixteen and seventeen year olds who have been campers at Foley in the past are invited to apply. This program formerly known as Work Crew, gives campers an excellent opportunity to gain experiences and skills as part of their training to be a counselor. Two four week programs are offered. Please contact us for additional information.

DISHWASHERS

This coming summer fifteen year olds can do dishes once per day and work off \$50.00 per week of their camp tuition. It is an excellent way to enjoy the activities and friendships while gaining work experience. It is limited to 6 dishwashers at any one time. One may come to camp at the scheduled sessions or with the CLPs for a four week session. If you are interested, contact Marie.

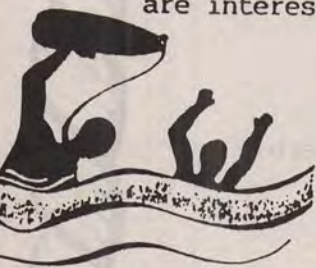

ADVANCED LIFESAVING

Campers must be 15 years old and meet the following swimming requirements: swim continuously for 500 yards, do a standing front dive with reasonable form, swim underwater 20 feet and tread water for one minute. Classes will run for 3 weeks. All participants in the Camper Leadership Program will be required to take this course. PLEASE NOTE that to participate a camper needs to be registered for either Session IA or Session II & III (course starts in the middle of Session II).

LAKE SUPERIOR SAIL TRIP

Plans are being made during First and Second Session to charter a large boat for a 4 day cruise on Lake Superior. Campers will explore the Apostle Islands and learn the skills of large yacht sailing. Cost will be between \$250-\$300 which covers boat charter, food and transportation. This cost excludes regular Session I and II tuition and personal expenses of the camper throughout the trip.

Any camper 13 years of age or older who has some sailing experience is eligible for the sail trip. If you are interested in participating in the sail trip, please contact us.

What's Happening In 1989?

FIRST SESSION - July 4th

July 4th will be full of activity recognizing our country's birthday. Excitement will begin with an unique wake-up followed by a special flag ceremony. Cabin skits scattered throughout the day will take us through history. The evening will be an event to remember with our July 4th ice cream social and watching the beautiful colors of our fireworks.

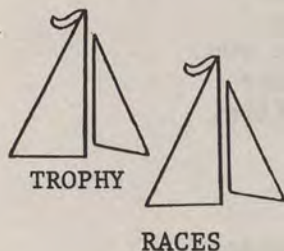

Who will be Uncle Sam? Bring costumes for the 18th century or deck out in red, white and blue along with your 4th of July paraphernalia.

SAILING REGATTAS -

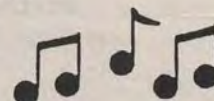

FOLEY INVITATIONAL TO OTHER CAMPS AND PRIVATE INDIVIDUALS

Sailors will compete in two large, trophy races on July 8th (1st Session) and July 29th (2nd Session). An excellent opportunity to skipper or crew and demonstrate one's racing skill on the beautiful waters of Whitefish Lake. Excitement will be in the air as the boats gather, the skippers meet and the starting horn sounds at 2:00 PM. All types of boats will race in two classes, the large mix and the small mix with handicaps officially assigned for the different types of boats. These races will definately be a racers dream!

DANCES

By popular demand our weekend costume dances will return to shake the walls of the Wabi Building. Bring costumes for a 50's Dance and a Nerd Dance. Last year Foley made history with a live band, bringing lots of fun and excitement to 2nd Session campers. Plans are underway to host another live band for 2nd Session!

DINING HALL FUN

The FINAL BANQUETS will again go formal. A fun "dressy" outfit is needed. Use your imagination and creativity. Ideas are unlimited. Ties, old dresses, old jewelry, old over-sized mens coats, hats, high heels, fake furs, Tuxedo T shirts, prom dresses, etc. The dining room will be setting the mood with table cloths, candles and dinner music.

A PAJAMA BREAKFAST will add a little morning fun as campers and staff wake-up to a special meal and a special wake-up program.

A BIRTHDAY DINNER is being planned during which everyone's birthday will be celebrated once a session in camp.

Campers will be invited to a RACCOON DINNER. No advance hints or notice will be given. Special costumes are not needed!

Cabin Group Overnight

Once per session, cabin groups will spend a night camping out. Several options are available. Cabin groups can venture by motorboat or canoe to Tepee Island, hike to Upper Mosquitoe (a campsite surrounded by tall pines) or bike to Echo Lake (Foley's Nature Reserve of 160 acres, 7 miles from camp) or spend the night in Foley's new Indian Village. Can you imagine spending a night in an authentic tepee, large enough that a fire can be built inside? The village will be ideal for legends, games and crafts of the Indians.

Attention: Foley Alumni

From 1952 to 1958

Recently we have been in communication with Thomas Braig who was a counselor from 1952 through 1958. He is very grateful for his Foley experience under the leadership of Bob and Vi Schmid. In his words:

"...I know there are many former campers and staff who are as grateful as I for the Foley experience...I would like you to contact some of them...give them the opportunity to express their gratitude to Bob and Vi... I would like to see a plaque honoring Bob and Vi...There should be an artist's portrait of their features and a poetic message concerning their dedication and the gratitude of former campers and staff..."

Beginning with donations from Tom and other former staff we have established a fund to make this tribute a reality for Tom and perhaps you. If you have an interest in contributing to this memorial plaque, please make your check payable to Marie Schmid and send it to the winter office.

Addresses Needed

Around 1980 we established an alumni mailing list of those alumni for whom we had current addresses. We regularly began adding campers as they discontinued coming to camp. At the minimum, our alumni hear from us during the Holiday Season. Your help would be gratefully appreciated by sending us alumni names and addresses who are not currently receiving anything from camp.

Attention: Foley Campers

New Daily Schedule

The new daily schedule has some terrific advantages. It offers our campers the opportunity of choosing six activities every three days. Campers will be grouped together by ability and/or age to maximize instruction. There will be more coed activities, smaller tennis classes and more skiing. Various lengths of time will be matched to best suit the activity.

7:15	Rise, Cabin Clean-Up
8:00	News, Announcements, Stretching
8:15	Breakfast
9:00	1st Activity Period (75 minutes)
10:30	2nd Activity Period (75 minutes)
12:00	Lunch, Mail Call, Rest Period, Canteen
2:00	3rd Activity Period (45 minutes)
3:00	4th Activity Period (45 minutes)
4:00	5th Activity Period (60 minutes)
5:15	Free Swim
6:00	Supper
7:00	6th Activity Period (60 minutes)
8:15	Tribal Groups

Iroquois

This year the camp will be divided into two tribes that will be involved with their own activities after the last activity period of the day. This will allow us to tailor the evening program to better suit the particular age groups. Some ideas for a great time for the Iroquois (the 8 to 12 year olds) will be: capture the flag, marshmallow roasts, team games, counselor hunts, campfires with songs, stories, skits and more...

CAMP FOLEY SCHOLARSHIP DONORS

Camp Foley is committed to providing children with a quality camping experience involving opportunities to develop friendships, to increase their skills in a variety of activities, to enrich their appreciation of the natural environment and to practice positive social and moral skills.

The scholarship fund through the American Camping Association was begun in 1988 to offer children, whose families of various backgrounds are not able to afford the camp fee, an opportunity to attend Camp Foley. The fund grew throughout 1988 and 1989 will be the first year that recipients can benefit from the generosity of the many people who gave. We sincerely thank these donors!

Attention:

First Time Foley Campers

Camp Foley provides children of all ages with the opportunity to develop new friendships and skills in a natural, informal setting. Our goal is to provide the best educational fun and adventure consistent with the standards and ideals of the American Camping Association. Camp Foley is an unique and outstanding camp offering a wide range of activities, programs and experiences.

Caring and talented adults live and work with the campers as leaders. Activities are challenging and fun for all ages. Please take a moment to look over the information on our beginning camper programs. We offer two programs to insure that your child's first camping experience will be a positive one.

Junior Camp

Junior Camp is a specially designed program for 6 and 7 year olds who want to participate in a fun filled week at Foley. Junior campers experience individual attention, peer group interaction, small activity groups, caring adults, fun and friendship. Campers participate in activities such as swimming lessons, crafts, archery, fishing, sailing, campfires, cookouts, nature studies, tennis, boat rides and group games.

Each junior camper will receive a camp t'shirt, stamped postcard to send home, certificates of accomplishments, candy and pop from the camp store and art and shop supplies as part of their tuition fee. The only extra expenses would be transportation to and from camp and additional items purchased at the camp store.

This year we are also introducing the Exposure Award. This is an award unique to the junior campers. It gives campers the opportunity to try new and different activities during their stay at Foley. Activities may include outdoor environmental skills, compass courses, mini-firebuilding for marshmellow roasts, camping skills and much more!

Introduction To Camping

Our Introduction to Camping Program is offered to campers ages 8-16, who have never been to Foley. Campers are invited to spend one week with us living in a cabin with other first year campers, choosing their own activities, developing friendships and being a part of the fun and excitement of longer term campers. This is an excellent opportunity for children to gain a general, short term camping experience.

Introduction to Camping offers campers the opportunity to choose six activities every three days. These activities could include art, shop, tennis, archery, riflery, all-terrain biking, nature programs, soccer, sailing, boardsailing, canoeing, waterskiing, swimming, diving and much more.

FAMILY CAMP

Father - Son
Mother - Daughter

Father - Daughter
Mother - Son

Grandparent - Grandchild
Family Groups

Consider the fun filled camping opportunity to spend one to seven days with family members at Camp Foley, on the shores of Whitefish Lake. This program has shown a steady increase in the 1980's as adults value the quality time spent with their children in a relaxful, informal setting. Each day is filled with unexpected excitement.

ACCOMMODATIONS/MEALS

Participants will sleep in clean cabins used in Foley's summer program. Each cabin can sleep approximately 9 people; in some buildings, up to 18 can be accommodated. Family friends may request shared living quarters. Limited suitable cabins for co-ed families.

ACTIVITIES

On Land

Tennis
Archery
Target Riflery
.410 Trap Shooting
Basketball
Volleyball
Badminton
Cookouts

On Water

Sailing
Waterskiing
Kneeboarding
Swimming
Boardsailing
Canoeing
Fishing
Sauna

LOCAL ATTRACTIONS

Golf at Driftwood Resort
Western Riding at Trout Lake
Trail Rides
Browsing in local towns
Movies in Brainard
Waterslides, amusement parks
Restaurants
Museums

EVENING PROGRAMS

Organized by Foley Staff which may include campfires, group games like soccer, capture the flag, volleyball, an evening boat ride to the Dairy Queen, exploring Echo Lake, Foley's private wilderness reserve of 160 acres.

Foley staff will supervise the safety on the rifle range and archery range. They will pull skiers, skipper sailboats, and provide activity instruction upon request. Additional charges will be made for ammunition used at rifle range and for waterskiing. The following activity equipment is not provided: lifejackets, tennis racquets and balls, fishing poles and tackle.

DATES

Wednesday, June 14th, through noon Tuesday, June 21st.

Enclose a \$20.00 deposit per person.

REFLECTING BACK ON THE SUMMER OF '88

The summer of 1988 proved to be another successful and eventful camping season for those at Foley.

With all of the extremely hot weather, the waterfront became second home to many of our campers. It was ideal for a wide variety of water activities. Land activities were still popular with additional free swims added to the daily program to help campers and staff cool down.

Another addition to the summer program was the cabin overnight. All but one cabin (due to weather!) was able to experience the fun and adventure of an overnight trip. Campers set out by boat, canoe, bike or foot to reach their evening destination. Along with their cabin counselor, the groups spent the night cooking over an open fire, singing and playing games, swimming or fishing and eventually sleeping in the great outdoors! Campers returned to camp with a great sense of adventure and fellowship after spending an evening together camping out.

With a new board, diving sprang to life this past summer. Headed by past camper and staff Michelle Rossmiller, the popularity of this sport grew as the summer went on. A diving show was held as part of our 4th of July celebration!

The 4th of July fireworks display set off from the diving tower by staff Jeff Beltz and Chris Jones was exciting! Campers and lakeshore families lined the bank and swimdock as showers of fireworks were launched high into the evening sky and campers sang songs, made human waves and exclaimed "Ooo's and Ahh's" in delight.

Camp Foley's Second Session campers were able to experience the thrill and excitement of dancing to a LIVE band. As counselor Sean Fleming and his band took the stage the walls of the Wabi building shook with energy. With lights flashing and music ringing, was it possible that a new tradition was beginning?

ATB was new to Foley in 1988! Campers were enthused and challenged by Foley's all-terrain biking program. Bikes were in continuous use as campers maneuvered over trails, jumped logs, endured all day rides or played bike polo. At the same time on the waterfront, the boardsailing program expanded with the addition of new, smaller boards that would enable campers of all age and size to participate in this ever popular activity!

There was a look of the sixties at Camp when tie-dyed t-shirts were strung across Foley Green. A record number of shirts were created as campers eagerly twisted, tied and dipped their shirts into an array of colored dyes.

It was not until our Third Session that we finally received the long awaited first full day of rain! This was just the weather we needed to hold a successful Casino Day. As the dining hall was transformed into a giant game room, offering anything from card games to board games, campers were treated to refreshments and an afternoon of chance!

1989 Summer Staff

" In the next few issues of the Foley Bugle we will be featuring some of our 1989 staff! Our staff is carefully selected to provide campers with adults devoted and skilled to live and work with children. All of our staff complete an application and a personal interview. Three references attesting to their character are also required. Prior to the campers' arrival, our staff complete ten days of staff training. Foley staff are very special people. Let's meet some of our 1989 summer staff members!

CHRISY BARNETT is a freshman at Ohio Wesleyan University. As a past camper and staff member, Chrisy returns to Foley to instruct sailing and boardsailing. Chrisy brings her warmth and enthusiasm back to Foley as she lives with our 13 year old girls.

BETH BERGER, a freshman at University of Dayton Ohio, joins us for her second year as a Foley counselor. Beth will return, to the delight of many of our campers, to live with our junior campers and the 8 to 9 year old girls. Beth will also be instructing sailing, boardsailing and art.

LESLY DEAN joins us from her home in Sydney, Australia! She will be instructing sailing, boardsailing, canoeing and swimming. Living with our 13-15 year old girls, Lesly will be a wonderful addition to our staff.

SEAN FLEMING returns after a successful 1988 camping season at Foley. This summer Sean will take on the head position in our riflery program. Along with his riflery responsibilities, Sean will be instructing all-terrain biking. Sean will bring enthusiasm and leadership to our 13 year old boys again this summer!

MOLLY GEISER will also be returning for her second year at Foley. As a second year staff member in '89, she will help direct our swimming program, coordinate our Sioux Tribe activities and instruct soccer. Molly will also be working part time in our administrative office and living with the older girls. Welcome back Molly!

STEVE HANEY is a sophomore at St. John's University. He was a camper at Foley from 1981 to 1985 and in our Work Crew program in 1986. Steve will be living with our 10 to 13 year olds and instructing sailing, soccer, skiing and overnight tripping.

MIKE NORMAN joins us for his third summer as a Foley staff member. Mike returns to his position as Assistant Marina Director and will put his special enthusiasm into our sailing program. Mike will also help with the coordination of activities for the Sioux Tribe and live with our 15 to 16 year old boys.

MICHELLE ROSSMILLER is in her sophomore year at Furman University in South Carolina. She returns as a second year counselor, living with our 10 to 11 year olds. Michelle will again head up our diving program, as well as instruct in sailing and boardsailing.

SUSAN TANSKI, a second year counselor at Foley, returns to head our swimming program. She will also be instructing tennis and living with our 9 to 11 year old girls. We welcome Susan back for another successful summer!

Stay tuned to future additions of the Foley Bugle for further updates on our 1989 summer staff!

Fantastic Advantages of Session I

Enthusiasm is always breaking record highs throughout First Session. Campers are active, happy, excited, and are truly enjoying themselves. They know a secret - First Session is terrific! Why First Session?

*Summer is beginning. Camp is a refreshing change after the demands of school. It is a fantastic way to start vacation. A positive experience can return a camper home with increased self esteem, new skills, new friends, new interests, and lots more.

*Staff have just completed 11 days of orientation gaining a wide variety of skills relating to their important role as a counselor. They are fresh and eager to work with our first group of campers.

*First Session campers receive an enthusiastic welcome. Nothing compares to the natural excitement of a counselor's first cabin group.

*Enjoy using new equipment for the first time or discovering the changes from last year.

*Be the first group to sleep in the new, authentic Indian Teepee or participate in the Trophy Sail Race.

*Fewer campers, because others just haven't discovered the wonders of Second Session. This means more personal attention, fewer in activities and an unique closeness of the total camp community.

*Celebrate the 4th of July complete with fireworks!

JULY

*Take a sail trip to the Apostle Islands on Lake Superior.

*The biggest myth about First Session is that many feel the water will be colder. Although we can't predict our weather, the last few years have been hot and beautiful and the water warm!

4th

First Session is indeed special. We've spent nine months planning for its beginning and we are all enthused to have camp alive with campers and their activities. There is an unique June freshness in the air, water, and buildings and grounds. The freshness continues in our staff and campers. Join this unique group and discover their secret. Once a First Session camper, always a First Session camper.

LAKE SUPERIOR SAIL TRIP

Plans are being made during First and Second Session to charter a large boat for a 4 day cruise on Lake Superior. Campers will explore the Apostle Islands and learn the skills of large yacht sailing. Cost will be between \$250-\$300 which covers boat charter, food and transportation. This cost excludes regular Session I and II tuition and personal expenses of the camper throughout the trip.

Any camper 13 years of age or older who has some sailing experience is eligible for the sail trip. If you are interested in participating in the sail trip, please contact us.

New FUN for 1989!

Hey campers! As most of you know, we are always trying to bring some new, fun and crazy ideas to camp every summer. This year is no exception! Marie and Jeff explored several ideas while attending the American Camping Association conference in Seattle.

TIPIS

Not one, but two genuine Sioux-styled, canvas tipis were purchased for our new Indian Village. These cone shaped structures measure 18 and 20 feet in diameter and stretch 16 to 18 feet into the air. The unique design of this is, to say the least, remarkable! Campers will be able to experience some of the life of an Indian Youth while sleeping, eating and playing in this quaint setting.

PUSHBALLS

A pushball is a huge 48" diameter ball that can be pushed, thrown or kicked. Light in weight, this ball will help develop coordination, team concepts and endurance. The pushball will be exciting as a free-swim, evening or Sunday activity! This giant ball can even be used instead of a soccer ball or just passed around from person to person.

RHYTHM-STICKS

What is a Rhythm-stick? It is an activity that involves the passing back and forth of a main stick between two hand held sticks. Once you have mastered the basic passing of the stick you can move on to advanced tricks such as twirls, flips or tosses! The technique of using the Rhythm-sticks is similar to juggling in that it develops hand-eye coordination. The Rhythm-sticks will be available for the campers to practice with during their free time and exhibitions will be scheduled for the campers to display their developed talents!

INDIACA

Pronounced "Indy-a-ka", it resembles a huge badminton shuttlecock or birdie. The soft, foam birdie is coated and has real feathers. Played over a volleyball net, players hit the Indiacaca with their hands. It travels slow enough to be easily hit by anyone. According to Colleen Garrett and Jeff Beltz it was a riot to play with! Whether you like volleyball or not, you will love Indiacaca!

RESERVATIONS AND TICKET PURCHASES: Parents are responsible for making and paying one-way or round-trip reservations for their child. Schedules are subject to change by the airlines. Below are some suggested flights. You may choose another flight arriving on Wednesday before 10:30 a.m. and departing Minneapolis on Tuesday between 2:00 p.m. and 5:00 p.m. Return tickets will be collected.

SUPERVISION: Camp Foley representatives will meet all planes at arrival gates and will escort campers to their departing flights. Overnight accommodations in the Twin Cities will be made if necessary.

BAGGAGE: Please send all duffle bags with campers. Be sure to use Camp Foley luggage tags on everything checked and carried on.

1989 Summer Staff

In the last issue of the Foley Bugle we featured nine of our 1989 staff: Chrisy Barnett, Beth Berger, Lesly Dean, Sean Fleming, Molly Geiser, Steve Haney, Mike Norman, Michelle Rossmiller and Susan Tanski. It is our pleasure to introduce seven more Foley staff. Not only are our staff selected for their activity skills, but on personal characteristics, and as positive role models for young people. Foley staff are very special adults. Let's meet some more of these talented and giving adults!

ALAN BOND attends West Virginia University and will join us for his first summer at Foley. Alan will be taking on the responsibility of our Archery and Fencing Department Heads. He brings with him past experience in instructing fencing and will now bring enthusiasm to the program! Alan will be living with our 11 and 12 year old boys. He is a terrific addition to our staff!

CAROL GRUBISA joins us from her home in Enfield, Australia where she works as a Registered Nurse. This summer Carol assumes responsibility as our Health Care Provider. Carol will also be instructing some classes in art. We are excited to have Carol as a part of our summer staff and look forward to her arrival at camp!

PAT HUGHES, a past camper and staff, returns for his second year as a counselor at Foley! A student at Creighton University in Nebraska, Pat returns to instruct in waterskiing and tennis. Pat brings enthusiasm and leadership to our boys again this summer as he lives with our 13 to 15 year olds!

RANDAL HUNTINGTON joins us from his home in Brisbane, Australia! He is one of the top BMX Bikers in Australia and has earned over 60 different trophies. Randal was also the captain of the Reebok-GT BMX Freestyle Team at the World Expo '88. Randal will be heading our all-terrain biking program and instructing in canoeing. We look forward to seeing and hearing about some of Randal's performances!

TED KRONSNABEL, a senior at St. Mary's College in Winona, returns for his second year as a Foley counselor. Ted's maturity, experience and enthusiasm for waterskiing enable him to make Foley's skiing program a safe and fun experience for our campers. Ted will again live with our older boys.

MARTIN PEREZ joins us for his third summer as a counselor at Foley! He returns from his home in Mexico City where he studies Architecture. Martin will be instructing in sailing, boardsailing and soccer. Along with Mike Norman, he'll be directing our sail racing program. Martin brings with him leadership and guidance as a cabin counselor to our 13 to 15 year old boys!

VICKY RAPPOLD is a senior at the University of Notre Dame graduating with a degree in Government and Theology. She is a certified WSI and is excited to instruct our campers in swimming and tennis. Vicky will also be planning our Sunday liturgies. Our 13 to 16 year girls will enjoy Vicky's cheerfulness as a cabin counselor!

MICHELLE WOODS joins us for her first summer at Foley. She attends the University of Notre Dame in the Pre-Med/Art History field. Michelle brings experience and knowledge with her as she works with our Arts and Craft classes. She will also instruct in Dance and Aerobics throughout the summer!

YOU ARE OUR BEST PROMOTORS!

OVER 60 YEARS OF SERVING YOUTH
IN THE GREAT OUTDOORS!

MARIE SCHMID, Director

Boys 8-16 Girls 8-16

October, 1989

Dear Parent and Camper,

A Foley camping experience is so special and unique that it leaves a lasting memory imprinted in every camper. It is the vivid picture of the warm and caring people, the fun, the challenging and diversified activities and the beautiful surroundings. It is the feeling that, "Yes, I belong. I am important! I can learn new skills and make new friends! I'll have fun and these memories are mine forever."

Campers described their time at camp this summer as "awesome" or "my best year ever". It certainly was a fabulous summer! Our campers were indeed very special. They showed tremendous skills in friendship building and achieving their personal goals in activities. There were smiles and lots of pride as campers individually stood on their dining room chairs asking the entire camp to applaud them for their accomplishments.

Throughout the summer, each 1989 camper wrote a description of what camp would be like in the year 2024. Their creativity was terrific in describing new activities and programs. These cards along with other Foley memorabilia were buried in our time capsule on August 5th to be opened in 35 years on Foley's 100th Anniversary.

Won't you join us in 1990? Let your child feel the specialness of belonging to our camp family, the joy of learning a new skill, and the warmth of a new friend. The \$50.00 per week discount for registering before November 15th is our way of saying thank you for your commitment to Foley.

We sincerely appreciate our network of parents, campers, grandparents and friends who continue to spread the word of Foley to other families. If I can be of any assistance answering questions or sending you additional information, please contact me.

Sincerely,

Marie Schmid

Marie Schmid

CAMP FOLEY

At Camp Foley campers and staff care and respect each other while having fun, developing friendships and skills in a two or three week session. Foley's talented staff create an environment that encourages and recognizes the strengths of our campers. Grouped by age within cabins, campers, with their counselors, develop a special bond and spirit. Our boys and girls have separate living quarters. To meet the needs of our campers, two tribal groups (Chippewa, ages 8 - 12, and Sioux, ages 13 - 16) are formed. Evening programs are planned reflecting the interests of these groups. Activities are taught by quality instructors challenging campers of all ages and skill levels. Campers individually select their activities and set personal goals. A THREE WEEK SESSION is where campers can fully experience the many dynamics of a camping program. The length makes it ideal for cabin unity and strong friendships. The personal satisfaction of accomplishing one's goals is truly felt.

JUNIOR CAMP - A specially designed one week program tailored to meet the need and interests of six and seven year-olds. First, Foley's fun loving and caring staff create a warm cabin environment in which our young campers can practice new skills of self-reliance, group living and friendship building. Add the fun and excitement of a variety of activities which include swimming lessons, arts and crafts, archery, fishing, sailing, nature studies, tennis, canoeing and group games. Enrich the days and evenings with songs, stories, hugs and silly times. And all too soon, our Junior Campers are returning home feeling positive about themselves and their camping experience.

INTRODUCTION TO CAMP - Campers ages 8 to 12 who have never been to Foley are invited to spend a fun-filled week at camp. Within the cabin group, our one week campers gain valuable experiences in cooperative group living and friendship building. With our supportive and caring staff, campers select activities and learn new skills. Many will experience the thrill of trying something for the very first time. Time passes all too quickly and our one week campers have been exposed to the many components of organized camping.

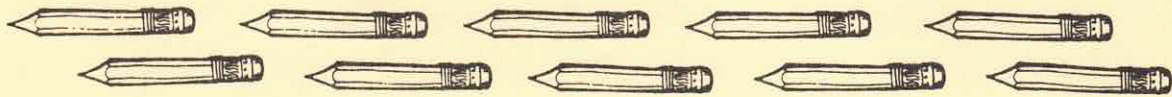

DEVELOPING LEADERS - Our leadership programs focus on developing strong work ethics such as responsibility, quality work and trust. Participants are expected to work cooperatively, participate in performance evaluations and become part of the team. Contact our office for more details.

Dishwashing - Foley dishwashers are enthusiastic campers looking for a work experience with other young adults while enjoying camp. Campers who are 15 can do dishes once per day and work off \$50.00/week of their camp tuition.

Camper Leadership Program - If you are 16 or 17 years of age and want a varied work experience in addition to increasing personal skills within activities, this is for you. Experience is gained in working with groups of children, helping on a rotational basis in the camp kitchen and dining room, and being a positive role model. It is a four week program at half the tuition fee.

Assistant Counselor Program - After successfully completing the Camper Leadership Program, one is eligible to spend six fulfilling weeks as an Assistant Counselor. Responsibilities include living in a cabin with younger campers while assisting cabin counselors with all of the routines, activities and fun to make a unified group. Assistants also work cooperatively with staff in activity areas as well as developing their personal skills in the activities.

FROM MARIE'S DESK

TO ALL OF OUR PAST CAMPERS AND PARENTS,

The question that many of you have is "Why did you switch the schedule for 1990?"

First of all and most importantly we want to provide the best camping experience possible for all of our campers in every session and we want to meet the needs of our families. Secondly, we want to continue to operate a financially sound business while being sensitive to our families.

In 1989 during Session I, our three week campers felt the coming and going of our one and two week campers. Programming became difficult in mixing and blending campers staying various lengths in our camp family. The one week programs have been gaining in popularity with our younger and new campers thus increasing the turnover of campers in our 1989 1st Session. In 1990, our goal is for a majority of our campers to be in the two week program with limited numbers in our one week programs. Special attention will be given to ensure an uninterrupted experience for our two week campers.

Second Session remains unaltered except for beginning and ending a week earlier. This session traditionally has been a favorite for older and returning campers. Of course we have a nice blend of younger and new campers joining this enthusiastic group. Programming will continue to make this an unique session as we plan the D.J. dance and competitions with other camps.

Perhaps the biggest change is that Third Session becomes three weeks. Three weeks is such an ideal length to really become involved with the many aspects of camping, like creating cabin unity, building friendships and accomplishing one's goals in activities. We feel our 1989 Third Session campers are ready for a longer camping experience. With all of this in mind, and realizing the popularity in the Midwest of attending camp toward the end of the summer, this would make Session III absolutely fantastic! Foley could truly have the time to provide the ideal camping experience.

Personally, I feel Foley has so much to offer young people. I'd like to see as many youngsters as possible be a part of Foley and have the best possible experience.

Please contact me if you have any comments. Jeff and I will be trying to contact as many of you as possible in October and November for comments on child's camping experience. We look forward to visiting with you.

What's Happening In 1990?

This is only a small part of what will be new or happening in '90. Beginning in January the Foley Bugle or Newsletter will continue to inform you of the special offerings for 1990. Be sure to read some of the more detailed articles describing the listings below.

At a glance -

N
E
W

- The popular game of sand volleyball comes to Foley. A new court is being constructed in place of the old badminton courts. Lots of fun ideas are being planned to utilize our new court.
- A new 1988 X-boat will replace the Windsong.
- Two new boardsails
- A new ski boat and motor will be purchased this spring. The old brown rig with the 90 h.p. motor has been sold.
- A new girl's bathroom. the old West Washo has been leveled! All our girls will enjoy the spacious bathroom and updated facility.
- The name of the Iroquois Tribe has been changed to the Chippewa Tribe. Both of our tribal groups, the Chippewa and Sioux, will then be named after Minnesota Indians.

B.W.C.A. Canoe Trip Second Session

Second Session will see the return of the traditional B.W.C.A. and Canada's Quetico Provincial Park 7 day canoe trip for our campers 13 and over. It is a once in a lifetime opportunity to be part of something so special. It's an opportunity to develop or strengthen friendships that can last a lifetime. Nothing can quite equal it. The lifestyle is relaxed, serene, yet challenging and invigorating. Opportunities for new experiences abound. A canoe camping trip is something you'll be talking about for the rest of your life! Cost will be estimated at \$200.00 above the regular tuition.

I personally believe that the merits of this experience shared with peers from camp are lifetime memories. The personal satisfaction, friendships, the magnificent surroundings, and the shared laughter are treasured memories.

Please call for more information or for confirmation.

LAKE SUPERIOR SAIL TRIP

Plans are being made during Second and Third Session to charter a large boat for a 4 day cruise on Lake Superior. Campers will explore the Apostle Islands and learn the skills of large yacht sailing. Cost will be between \$250-\$300 which covers boat charter, food and transportation. This cost excludes regular Session II and III tuition and personal expenses of the camper throughout the trip.

Any camper, 13 years of age or older, who has some sailing experience is eligible for the sail trip. If you are interested in participating in the sail trip, please contact us.
