

CAMP FOLEY

*S'more Happy Holidays to You
and
S'more Good Times at Foley!*

As the Holidays draw near, we are drawn to our families and friends, to those we treasure. Memories become vivid as we share together the holiday traditions. We feel sadness for our deceased loved ones and gratitude for those who encircle us. We are inspired by those who share and give endlessly, by our youth for their energy and spirit, and by the friendships that endure over time. As we enter 2002, we wish for peace and freedom of all people.

Warmest wishes, *Maria Johnson*

Traditions Continue at Foley

For all of you past Foleyites, traditions still continue at Foley. Did you know that our campers and staff still gather on the benches on Sunday mornings to eat **soda bread**? You can find the recipe on our web site at www.campfoley.com. It is the **same bell** that gathers campers and staff for soda bread and other meals!

Friendship Campfire began with the first group of girls in 1974 and with the boys in 1984 with the beginning of the **Anchor Award**. To be eligible for the anchor award one must be completing at least five weeks at camp. The camp community votes for someone who is enthusiastic, kind and an all around good camper. Some Greek Gods & Goddesses

Final Banquets continue to be a theme meal on the night before departure. Last summer campers and staff enjoyed the games, decorations and special food for either a Harry Potter Banquet or an Olympian of Old Banquet. Fun was had by all.

Harry Potter Counselors

New Traditions Started

Ribbons!

After years of diplomas and patches, campers received ribbons for their activity accomplishments. Hundreds of ribbons were given in recognition of the activity skills mastered by our campers. Congratulations to all of them.

Cabin Cameras:

Each cabin had a disposable camera to capture cabin living. Check out some of these pictures on our web site www.campfoley.com. New pictures are added every month.

Cabin Memories:

Congratulations to Cabin Ishtakaba, who went all out in creating their portfolio this summer full of memories and reflections.

"Friends" (Tune: Rock Around the Clock)

*Friends are kind.
Friends are sweet.
Friends are really, really neat!
Always there when you are sad.
Always there to make you glad.
Friends are there to help you through the bad.
They rule (they rule)!
They rule (they rule)!
They rule!*

2002 A New Year Full of Fun!

Activities at the Marina

Walk down the steps of the Marina and you will know that change is in the air. First there is the newly designed buddy board. Thanks to counselor, Bradford '00 who artistically combined tradition with change. Activities will be off with a new spirit and twist. Campers, be on your toes as Alli Faricy, Marina Director '02 is planning already!

Fishing: Do you remember the "Big Kuhuna" award given daily for the biggest fish caught? The lighted bobber is returning! How about going out fishing with a professional fishing guide? Wow! Can you imagine learning and catching fish with a professional on his rig? Watch for more details and register in advance as space will be limited.

Canoeing: Have you ever canoed a canoe with a paddle, raced a canoe while propelling it with your hands or swamped a canoe over and over for fun? Convince your cabin to go to Krazy Kanoeing at the Marina.

Playaking: After years and years of red playaks, Foley has now added six yellow ones. These are deluxe, featuring more leg space and an adjustable seat. Just what is a playak? It is a plastic, simple version of a kayak used to have fun with friends on the water.

Skiing: Plans are in the air to see the return of the Barefoot Club, have Ski Shows starring all levels of skiers and clowns, and to do an advanced class with a slalom course.

Sailing & Racing: Our goal is to get every camper involved in some aspect of sailing! All ages, all swimming levels and all ability levels from novice to the racer can participate. Earn awards, race seriously and chart your progress! Perhaps you would like to participate in the Crazy Regatta!

Boardsailing: New, creative classes will begin your adventure. Next, take your skill and participate in a race!

Open Marina

Fun will not end at supper. Join your group for an evening event of fun at the Marina. Spend time chillin' with your friends, fishing, canoeing, or playaking. Have a crazy evening and do some canoe swamping, participate in silly relays or games. There is something for everyone!

The Flick 'N Float

It is coming to Foley! At dark, grab your lifejacket and come aboard a watercraft to experience our first Flick 'N Float. Think about a Drive in Movie Theater. (For our younger readers, this is where you would watch a movie from your car with a speaker hanging on your window. The picture is projected on a large screen. The cars are all parked in rows and you would go into a little building to purchase items from the concessions.) Now let your imagination run wild as you are sitting in a canoe, playak, the pontoon boat or on a sailboat watching a movie! Smell the popcorn being brought to you in a small craft. Visualize the moon and star reflecting over the lake. This is just another fantastic, crazy Foley experience! Friends of Foley, if you are up in our area, call our office for show times and motor on over!

Check out the web site at www.campfoley.com under "News Blurps" for information on the crazy Monster Mash or Seussville Banquets that will be held in 2002! Did you know that the articles and pictures in the last edition mailed out in October are on the web site?

Paul, Aaron and their campers.

Register Soon! Over 375 campers have registered as of December 6th. Find out who at www.campfoley.com!

Meetings and Video Showings!

We invite everyone to stay involved with Foley and join us at one of our meetings. Invite a neighbor, a friend from work, or another family member. Help spread the word about Foley! Mark it on your calendar when we will be in your area. Other reunions are in the scheduling and we'll let you know of those dates, times, and locations! We hope to see you!

Activity Guides:

Every camper received a yellow Activity Guide listing all of the awards and their requirements with an envelope on the back cover to place the award ribbons. Many campers were looking up the award requirements during the campfire and were expressing their amazement at the skill of their peers.

Plates & Docks:

One can spend thousands on a brand new dock system and a little over a hundred dollars (fabulous price!) on used china in the dining room and what is noticed the most? The blue, cloud rimmed plates and bowls! For our alumni - we have been eating off of the green rimmed plates going back, back, back into the 50's or perhaps earlier! The old dock system of manually sinking the horses or supports goes back that far also. Of course, the lumber has been replaced over the years. It clearly shows that we notice what we eat off of more than what we walk on!

Lake Superior Hiking Trail

A New Foley Adventure

Last summer six groups of Foley campers and counselors collectively hiked 79.9 miles from Two Harbors to Crosby Manitou State Park. They were the first groups to begin Foley's goal of hiking from Duluth, MN to the Canadian Border, a trail of

approximately 250 miles. For most of the length, the SHT is routed along the ridgeline overlooking Lake Superior. The terrain is variable from woodlands of birch, grassy clearings, to rivers, waterfalls and deep gorges. Foley campers put on their backpacks, filtered their own water, cooked over a compact stove and ate out of a Sierra cup. They worked as a team. Upon their return, they signed the official map and received a T-shirt which read, "I hiked part of the Superior Hiking Trail with my Foley Friends"

Lake Superior Sail Trip

The Lake Superior Sail trip with Foley leader Sean Fleming, and crew of Dan Bye, Sasha VanKatwkw, Derek Estelle, Miguel Lascurain, Brent and Drew Whitehead. They sailed around the beautiful Apostle Islands of Lake Superior on the *Flyaway*, a 38.5' Pearson with Captain John Crabb for five days sleeping and eating onboard.

Camp Jam

The crazy, silly evening of fun competition and teamwork found our older campers posing for pictures with gelled hair and creative faces. Chants, songs, drawings, solving puzzles, playing group games were all part of the activities.

2001 Scholarship Donors

The 2001 Scholarship Donations came in strong at \$6,036.81 (including direct scholarship donations and donations via remaining canteen balances)! Our heartiest thanks to all of our Camp Foley friends who made contributions to the fund! A total of 17 campers (3 were repeat campers) benefited from these donations and came from both inner city and rural settings. Some of these campers are wards of the state, being raised by a grandparent, from low income families struggling to make ends meet, or from needy families seeking opportunities to provide their kids with positive alternatives to inner city gangs, drugs, rural isolation and/or other challenges. Every one of our scholarship campers had a great time at camp- they made new friends and were able to try many new FUN activities! Thank you all for making a difference in the lives of Camp Foley's scholarship campers!

Fun Things Planned for 2002!

The Giant Marathon

It is team work! It is spirit! It is fun! Foley campers will be assigned to multiage teams to compete against the clock in this giant marathon! With skill and planning, different team members will compete in the various events taking place throughout camp. Climb the climbing tower, shoot arrows, paddle a playak, shoot

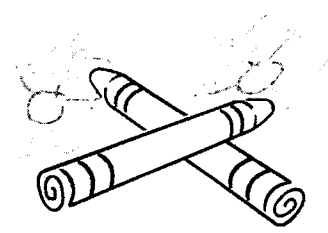

baskets, shoot a high scoring rifle target, swim laps, dive for a hidden treasure, windsurf, bike... Of course, your team is cheering and competing in team events like the Ameoba, the Trolley or All Aboard. What a terrific Sunday afternoon!

world. At Japan, use your paper folding skills while doing Origami, in Ireland search for the leprechauns and the pot of gold, play dragon tag in China, in England be part of the International Pancake Race, in Egypt play checkers and marbles taking you back 4000 years...

2002 Craft Projects

Plans are being made for an exciting craft program! Campers will be using a variety of textiles to create wonderful keepsakes to take home. With mosaic tiles create a trivet or a cool three dimensional vase or pencil holder. Stencil a T-shirt or a wall hanging complete with a tear off calendar. Using colored wire, beads, and porcupine quills create unique pieces of jewelry. Use clay to make puppets in the shape of clowns or jugglers or turn them into creative window hangings. Need a new desk set? Create containers out of clay pots, or boxes, make a neat picture frame, or a journal to use in your room at home.

Come and be creative with us!

The Fabulous Foley Fair

Come be part of this Foley first! All Coyote campers will have a fabulous evening participating in all of the diverse, multi-cultural activities and events at numerous booths. Use your tickets to taste food, create keepsakes, and participate in fun games from around the

Boys Night

Boys of all ages will be off to try some new skills and/or participate in some new things. Join a sports clinic like football or golf, learn about weight lifting and conditioning, do some journaling, challenge someone in a game of chess, or join the "Mad Scientist" in some kitchen chemistry. Learn some wilderness survival skills or bike or car mechanics. How about practicing one's musical skills or speak a foreign language? WOW!

Fourth of July

Come celebrate this day with us! Dress up in red, white and blue, be part of a special flag raising ceremony, enjoy eating hotdogs, watermelon, and ice cream, be a little crazy with the festivities, and join the Foley group at the new "Flick & Float" and catch some of the surrounding fireworks out on the lake. FUN! FUN! FUN!

Survivor

Older campers, be ready for another Foley first! The world has been shown Palau Tiga, Australia, Africa and Marquesas. Now Survivor has taken over Foley and Whitefish Lake. A competition unlike anything ever seen at Foley will captivate your mind and body. With team work, personal strength, thought and endurance, you will master physical and mental activities. If you thought the game stopped there, you are very wrong. You better be careful, your team could be the next to be voted off.....

New Daily Schedule!

Can you believe it? Canteen is not after Rest Period! It has been after Rest Period since the 50's! Maybe even the 30's or 40's! Why the change? Think about it. When do most kids have a snack? After school, between 3:00 and 4:00! Doesn't it sound wonderful to have a break in the middle of the afternoon? What a perfect time to get re-energized!

Girls Sneak-Out Night

This is an all new, totally different twist to a fun multiage girls only night! What's different? Our older campers will be joining our counselors on hosting this evening for the other girls. Fun stations will be set up where girls can sport a new hair style, try some cardio kick boxing, get a manicure, lift some weights, line dance, receive a facial, or do some journaling. The list is endless! Of course we will end with the traditional munching on strawberries and Oreo cookies and sharing the importance of girlfriends! Music, inspirational and fun for all ages!

Golfing?

We are looking at the possibility of offering golf at a local course and we're in the preliminary stage of gathering info and will have more details as the Spring progresses. We would anticipate having to pass on an extra charge for this activity. If you think you might be interested in this please let us know.

Saturday Night Live Ice Cream Social

Excitement is in the air as our "secret guest host" brings to us live entertainment! Be it true musical talent or a cabin lip sync or skit. Could you and your cabin mates be our guest band? Can you impersonate your favorite counselor? Of course, it will all end with creating your own sundaes! We are hearing that there will be more toppings this year!

Register On-Line and More

Our web site has been a wonderful connection to Foley for parents and campers alike. You can register on-line on our secure server with a VISA or Mastercard for the \$300.00 deposit. Parents can download important forms such as Registration and Health Forms and campers can post messages to all their camp friends. You can see who is coming to Foley in 2002! Remember to keep checking the web site for updates and new information. Visit us at www.campfoley.com

Fishing Clinics

Attention fishing enthusiasts! We have hired the services of a local fishing guide who will take groups of three campers and one counselor out for three hours at a time. You will search the waters of the Whitefish Chain for the elusive Walleye, Northern Pike and Bass hoping to land the king of the deep. You will be riding in his 17 foot tournament style bass boat powered with a 110 horse motor using the latest electronic equipment. He supplies all the rods, reels, lures and bait. He has been fishing this chain of lakes for over twenty years so he knows where to find them. Don't miss this exciting opportunity to do some serious fishing while you're here at camp!

The cost for this is \$35.00 for each three hour trip. It is very important for you to pre-register for this trip in order to reserve your spot. Developmental Assets in the Camp Foley Community

In collaboration with the theories and ideas promoted by the Minneapolis-based Search Institute's Developmental Assets, we are continually adapting our programs and activities to promote and advocate 'Healthy Communities - Healthy Youth'. 'Healthy Communities - Healthy Youth' is embedded in Search Institute's structure of developmental assets - 40 concrete, positive experiences and qualities that have an immense impact on young people's lives. The 40 assets include external assets, related to outside support, empowerment, boundaries and expectations, and constructive use of time; and internal assets, such as commitment to learning, positive values, social competencies, and positive identity.

The research conducted by the Search Institute has demonstrated that these assets are significant on adolescent behavior. The more assets young people have, the less likely they are to encounter a wide range of problem behaviors. These asset-rich youth will then in turn grow-up to be strong, caring, healthy adults.

At Foley, your child is a part of the camp community and we are doing our part to assist him or her in becoming caring and responsible individuals. Our staff training reflects our commitment to this belief. We train our staff with the theories and ideals of the Developmental Assets and how to implement these philosophies into everyday activities and cabin living. Within the training, our counselors are instructed on how to promote relationships, accountability, and positive attitudes and choices within the camp community.

At the very start of the session, campers are welcomed into their cabin with a theme established by the cabin counselors. This theme helps to establish community and unite the individuals into a more cohesive group. On the very first night, campers are encouraged to create goals that pertain to their activities, behavior and choices. These goals are revisited throughout the session so campers can evaluate and reflect upon their progress all the while our staff are serving as mentors and cheerleaders encouraging campers to strive for their personal best.

The everyday activities involve more than just doing a skill and achieving an award. Campers are supported and challenged to try new things and learn new skills and are empowered as they reach their goals. Cabin life is filled with activities that affirm and nurture positive identity as well as help develop social competencies and relationship building.

All in all, Foley is more than activities and living in a cabin. There is the 'hidden curriculum' that we are trying to instill in each of our campers before they leave us at the end of their session. All components of the camp experience are touched upon by the Developmental Assets and how they can help your child grow and develop.

The 2nd Year Hesitant Camper

by Bob Ditter

Bob Ditter is a licensed clinical social worker specializing in child, adolescent, and family therapy. He is well-known in the camping community having worked in numerous camps and given seminars and trainings to camp directors and camp counselors.

Many kids have second-year hesitations when it comes to camp. This is from both resident and day camps alike, all around the country.

There are several explanations for this display of sudden hesitation. Some children worry that the coming year won't be as good as their first year, while others are just having a little bout of the ambivalent blues. (You know, "I love it; I hate it"). The most probable explanation comes from understanding that children, especially younger children, are very much "creatures of the immediate moment." When they are at home, contemplating another separation from Mom and Dad and the safe surroundings of the familiar, they can't, *in that moment*, imagine leaving and being at camp. Once there, caught up in the fun and friendship of the camp experience, they can't remember, *in that moment*, a time when they didn't ever want to be here. This phenomenon is observed every day by pre-school and kindergarten teachers who must reassure nervous parents that, indeed, while their child is screaming bloody murder right now, literally two minutes after the parent leaves, that same child will act as if there never really was a big deal about being left at school!

I would suggest that the parents use what I call the "feel, felt, found" approach. Have them tell their children it is normal to feel the way they do; lots of kids have felt that way and have had second thoughts and worry it won't be as fun as last year; but what we have found is that once kids get there and start doing all the fun things, they love it all over again! See how that works. It usually does.

2003 Closing Afternoon & Banquet Themes

Comic Super Heroes... June 18-July 1 & July 16-July 29

Crash! Bang! Pow! It's a bird, it's a plane, it's Foley's Super Heroes!

Join your team for a game of "Super Ball," a game that combines elements from all your Foley favorites like Quidditch, Bash Ball, and Capture the Flag. Super powers will be challenged in a Good vs. Evil dual. Test your physical and mental super powers when you are challenged to show your strength, coordination, and imagination.

A costume is a must! (Weapon type props are to be left at home.) Every good super hero has a cape! Throw in a utility belt, gloves, boots or knee socks, and arm bands, and you're set! Be creative - puffy paint and face paint can be a big help - and join us for a day full of fun!

Come as your favorite comic book super hero, or create your own! Will you be Superman, Spiderman, or Captain America? What about Wonder Woman, Electra, or Cat Woman? Check out www.marvel.com, www.dccomics.com, or www.buycostumes.com for costume suggestions!

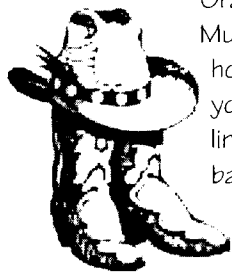

Wild West... July 2-July 15 & July 30-August 12

Fun and mischief are in store for this event! Start off by dousing your counselor as you test your aim at the dunk tank! Race other campers in a stage coach race! Have you ever heard of a "greased pig?" What other wild west adventures will take place?

Grab some props and join your cabin for an old-fashioned western photo. Music, sheriffs, outlaws, food, jails, and Foley's Wild West come to life! See how far you can get in the watermelon seed-spitting contest or how much you can eat at the pie-eating contest! Show off your dancing skills at a line dance or square dance! Jump on your "horse" and compete in the barrel race at the "Broomstick Rodeo."

A costume is a must! (Weapon type props are to be left at home). So grab your cowboy hat, boots, and bandana, and join us for a Wild time!

All American Sports Day

Baseball, Football, Basketball - play some of America's favorite games at Foley this summer. Join us in '03 for this Foley first! Spend the day participating in both team and individual events. Try your hand at ping pong, challenge someone to a dual at fencing, test your tetherball skills... join your team in a kickball or floor hockey match against another team. Bring your patriotic clothes - red, white and blue - and be ready for a day of sports, games, and fun! Enjoy hot dogs, watermelon, popcorn, ice cream, and cotton candy! This event will be part of our July 4th celebration, but it will also be held during the other sessions.

Then head up to the loft to watch everyone's videos! Of course, we'll begin the evening with our traditional ice cream sundaes - with all those awesome toppings!

Tricky Pictures

How'd they do that?! Ever wonder how some of those funny shots are taken? Well, now's your chance to take some clever pictures of your own! Learn how to create some pictures that will really fool mom and dad when you come home from camp! Headless Campers and Oops, I Shrunk My Friends are just two examples. **Bring your camera** and come prepared to experience a photo shoot unlike any other!

Kate Fuller with Kylie and Peter Beltz

The Dining Hall

- **State Flags:** New to the dining hall in '03, we will have all of the state flags of our campers and staff going back to the year 2000. So far, we have had 41 states represented. Can we get all 50 states on the wall in 2003?!
- **Bridge Crossing:** We will be displaying our plaques and banners that honor our multi-year campers in a special area of the dining hall to give some important recognition.
- **Country Flags:** Did you ever look at the flags hanging in the dining hall and wonder which were which? This summer we will have a key that shows each country's flag and its name. Figure out where our campers and staff have come from since 1985!

Looking Ahead

We are beginning to set up our travels and know already that Camp Foley will be coming with the Reunion Video to your community. Mark your calendars!

Enrollment/Application

Camp Foley is open to girls and boys of good character who want to be part of a small community and are willing to make new friends and try new activities or challenges. We reserve the right to accept or reject applicants. We want to establish a partnership with our parents in order to safely and effectively work with our campers. We ask for your cooperation in supplying us with the required paperwork and following the guidelines in our Parent Guide. We promise to do our best in working with you and your child. Completing the application implies that parent and camper understands that Camp Foley has the right to dismiss any camper whose behavior, attitude or action, is in our judgment, contrary to the best interests of our camp community. Campers may not use or possess weapons, tobacco, alcohol, or controlled substances while enrolled in camp.

This application and deposit constitutes an enrollment agreement only when accepted by Camp Foley in writing and shall be construed in and under the laws of the State of Minnesota. Furthermore, state and federal courts within the State of Minnesota, County of Crow Wing, shall have exclusive jurisdiction to adjudicate any dispute arising out of this Enrollment Agreement or any subsequent agreement or amendments thereto. We consider your enrollment and/or payment as acknowledgment and acceptance of all the terms of this agreement.

Enrollment is limited and is based on age and camp space. When a certain age group fills, the parents are contacted and the family can make a choice for an alternative session or be placed on a wait list. A wait list is created in the order that we receive the application and deposit for each grade level. Your child's deposit will be refunded if we are unable to place your child.

The Introduction to Camping program offers one day sign-up of five different activities and is for campers wanting a short stay. Inquire for more details.

A written acknowledgment along with a Health Form and a clothing list will be sent when accepted for a session. In April/May additional information will be sent including a Parent Guide and transportation information.

Health & Safety

The Health Form will be mailed to you with your acknowledgment of registration. **The health form must be completed yearly within 6 months of camp attendance. Campers will be limited in their activities until this form is properly completed and on file.** The medical evaluation must be completed within 24 months prior to camp attendance and renewed each year by a physician. **Copies of Medical Insurance Cards must accompany the completed Health Forms.**

A resident Registered Nurse is available to meet camper routine medical needs. Special medical needs are met in nearby clinics, pharmacies and hospitals and are not included in the camp fee. Parents are responsible for all expenses incurred by illness or accident of camper.

Activities

All campers of all ages and abilities can participate in all of the camp activities with the following exceptions: **All-Terrain Biking** – Tall enough to ride safely; **Trap Shooting** – Twelve years old and target shooting experience; **Waterskiing, Snorkeling, and Springboard Diving** – Pass the Foley Safety & Endurance Swim Check.

Swimming lessons are strongly encouraged for campers until they can pass the Foley Safety & Endurance Swim Check. This check includes:

properly putting on own lifejacket, jumping into deep water wearing the lifejacket and swimming comfortably 25 yards, jumping into deep water without the lifejacket on, treading water for 5 minutes, and confidently swimming 50 yards using the front crawl or breaststroke. *Endurance and confidence are key factors.*

Foley offers biking, canoeing, and backpacking trips of 2 to 3 days in length for all campers 11 years of age and older. Campers are encouraged to sign up for a trip while at camp. Our goal is to have each camper complete two trips over the course of their years at Foley.

Please use duffel bags for packing.

To Let You Know

Camp Foley assumes no liability for loss or damage to camper's personal property or for injury incurred as a result of use of personal property. Foley discourages all borrowing and lending among anyone living or working in camp. Campers may never use "special personal equipment" owned by other campers or staff such as: watercraft, skis, bows, rifles, musical instruments, aquatic equipment, or other items that are associated with specific risks (health, financial, accidents, etc.). Any money or valuables in the camper's possession upon arrival at camp may be deposited at the office for safe keeping. The camp assumes no responsibility for funds or valuables not so deposited.

A list of names, addresses, phone and email of campers and staff may be distributed for camper's use. Parent permission is assumed for use of any pictures or videos of campers used in camp promotion, on our website, in the memory book and for fun mailings throughout the year. Upon request, your child can be excluded.

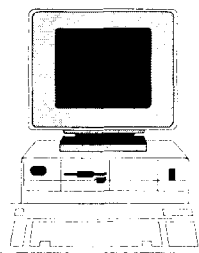

Campers will be held responsible for damage to property and equipment caused by their negligence and will be charged accordingly for repairs or replacement.

Cabin Placement

We strive to create cabins of campers of similar age and/or grade, diverse in geographic homes, with similar interests and camping experience and mutually requested cabin mates (both campers request each other). Our primary goal is to set the stage to create the "cabin family". Mutual requests need to be into our office two weeks prior to the start of the session.

Used Computers Needed!

Our Foley parents have many positive things to say about the letters they receive from our counselors describing their children's camping experience. Our counselors are taking a great deal of time to write these important letters, but would like more computers available for use when the "crunch" is upon them.

Can you donate a PC (desktop or laptop) running Windows95 or newer and having a functional disc drive?

We will arrange pick up in the St. Paul & Minneapolis area or will reimburse for shipping from other areas and states.

For more information, contact Camp Foley at 218-543-6161 or fun@campfoley.com

The 2nd Year Hesitant Camper

by Bob Ditter

Bob Ditter is a licensed clinical social worker specializing in child, adolescent, and family therapy. He is well-known in the camping community having worked in numerous camps and given seminars and trainings to camp directors and camp counselors.

Many kids have second-year hesitations when it comes to camp. This is from both resident and day camps alike, all around the country.

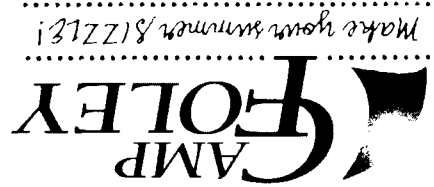

There are several explanations for this display of sudden hesitation. Some children worry that the coming year won't be as good as their first year, while others are just having a little bout of the ambivalent blues. (You know, "I love it; I hate it"). The most probable explanation comes from understanding that children, especially younger children, are very much "creatures of the immediate moment." When they are at home, contemplating another separation from Mom and Dad and the safe surroundings of the familiar, they can't, *in that moment*, imagine leaving and being at camp. Once there, caught up in the fun and friendship of the camp experience, they can't remember, *in that moment*, a time when they didn't ever want to be here. This phenomenon is observed every day by pre-school and kindergarten teachers who must reassure nervous parents that, indeed, while their child is screaming bloody murder right now, literally two minutes after the parent leaves, that same child will act as if there never really was a big deal about being left at school!

I would suggest that the parents use what I call the "feel, felt, found" approach. Have them tell their children it is normal to feel the way they do; lots of kids have felt that way and have had second thoughts and worry it won't be as fun as last year; but what we have found is that once kids get there and start doing all the fun things, they love it all over again! See how that works. It usually does.

CAMP
